

Twining Delivers Ike Message to Marshal Zhukov

Visits Fighter
Base; Russia Displays
Seven Jet Planes

MOSCOW (AP)—Gen. Nathan F. Twining today delivered a personal message from President Eisenhower to Marshal Georgi K. Zhukov and then left Moscow to visit a secret Russian fighter base at Gubinka 40 miles from Moscow.

Twining, the U. S. Air Force chief of staff, visited the Gubinka base to inspect the installations. But there was no immediate indication whether he would get a close up look at the seven new jet planes Russia unveiled Sunday on Soviet Air Force Day.

Twining called on Zhukov, the Soviet war minister, at 10 a. m. today on the first personal courtesy call of his look-see at Russian air might and delivered the President's personal thanks for Zhukov's thoughtfulness during the President's illness.

It was understood Zhukov asked Twining to relay his renewed best wishes to the President "from an old soldier and comrade in arms."

The emphasis on the Sunday display was on defense planes but the Soviets hinted they may show off some of their newest jet bombers later.

The air show was the highlight of the program for Twining and other visiting military leaders but a five-hour reception given by Zhukov gave the visitors more time to talk with the Soviets and to hear Twining uphold the American arms policies.

What Twining Said

"We know what war means," Twining said. "Our country has proved for many years that our people are peaceful."

"We were always late in getting started at war. We demobilized after the last war."

"Gentlemen, that is what we call real disarmament. We had to build up our armament again at the Korean war and we will not disarm again until we are certain of world-wide armaments control."

Nikita S. Khrushchev, leader of the Communist party, toasted President Eisenhower at the reception as a man of honesty who keeps his word.

Khrushchev flourished his glass and proposed "to the health of President Eisenhower in the hospital."

What Khrushchev Said

"We hold him in our esteem," Khrushchev said. "It is no secret when I say that we do not hold some of the colleagues and associates of the President in high esteem."

"Why is he high in our esteem?"

"His honesty."

"When he was commander-in-chief he always kept his word. This is what makes him great. We believe he has the best intentions."

Earlier, when Twining was introduced to Zhukov, the Russian asked about the President's health. Twining said that just before he left Washington the President called him from the hospital and asked him to convey a personal message to Zhukov. He said he would call on Zhukov this morning to deliver it verbally.

"I thank you very much," Zhukov said. "I am very touched by the message, especially since he is sick. I have the highest regard for the President because he doesn't forget his friends. My sincere wish is that President Eisenhower should return to his duties as soon as possible."

"When you see him give him my best greetings—greetings from an old soldier."

Rosiclare Girl Dies of Injuries

ROSICLARE, Ill. (AP)—Mary Wheatcroft, 16, Rosiclare, died in a hospital Saturday of injuries she suffered in a traffic accident Friday night.

Miss Wheatcroft was a passenger in a car driven by Daniel S. Barger, 17, Golconda, when it hit a culvert near the Junction of Ill. 146 and 34 east of here.

Dennis Dismisses Petition to Organize Water District

County Judge Trafton Dennis today dismissed a petition seeking to organize a water district in Dorris Heights on grounds of insufficient signatures.

Atty. Scerial Thompson had filed an objection to the petition for two residents of the area on the grounds of insufficient signatures.

Mrs. Eunice Mays

Officers Halt Long Taxi Rides of Herrin Woman, Forced at Gunpoint

Mrs. Eunice Mays today was back in Williamson county, where she started her long taxicab ride in which at gunpoint she forced a Herrin cab driver to bring her to Harrisburg, then forced Wayne Bridges to drive her to Benton.

Franklin county officers finally halted the ride in Benton, about a block east of the Benton high school, and the pistol, a loaded .22 calibre revolver, was taken away from her.

Officers turned her over to State Policeman Roy A. Lane of Harrisburg, who had joined in the chase, and he brought her back to this city, but before she was released at Benton officers made her pay Bridges his cab fare.

Headed for Harrisburg

It all happened Saturday morning. Mrs. Mays called a cab to her home in Herrin and after the driver, Aquila Sandusky, dropped off two other passengers, she told him to drive her to Marion. Before her cab riding was over, she had pulled a gun on Sandusky and told

him to drive "anywhere." He headed for Harrisburg.

Arriving in Harrisburg, he told the woman: "You'd better get another cab—the police'll be looking for me."

So she got out in front of the Orpheum theatre, where Bridges' cab was parked on the south side of the street.

"I was upstairs in the cab office across the street," Bridges said, "and I saw the woman get out of the Herrin cab. The driver made a goodbye motion with his hand and drove off. The woman then looked around like she was hunting a cab driver and I started down the steps."

"When I got downstairs she was in the back seat of my cab," he said.

Shoved Pistol in Face

"I got in the front and asked her where to go," he continued. "She said to drive up to the corner and turn left, which I did. Then going out on North Main street I turned around, saying 'Where to, lady?' and she shoved a pistol in my face and said to keep on driving. I did."

"She wouldn't talk hardly at all," he said. "When we were almost to Raleigh she asked what was the next town and when I said Raleigh she said to keep driving. The same thing happened at Galatia."

"I asked her what she was trying to do and she said it was none of my business."

"At Thompsonville I asked her which way to go—to West Frankfort or Benton—and she took a little time deciding. Finally she said to go straight, which was the way to Benton."

Dr. Tuttle to Answer Questions on WSIL About Blood Program

Dr. Warren Tuttle will appear on WSIL-TV's "Movie Quick Quiz" tonight at 5:00 to answer some pertinent questions about the Red Cross Blood Program.

Dr. Tuttle will explain why the program is so important to residents of Saline county, and why the county blood quota must be met in order to retain membership in the blood program.

State Police Promise Second Round In Battle Over Radar 'Speed Traps'

CHAMPAIGN, Ill. (AP)—State police today promised a second round in a battle over radar "speed traps" begun when the wife of a prominent Tuscola lawyer was arrested for speeding.

The attorney, George Nichols, carried the fight to the governor's office and said Gov. William G. Stratton would be on trial for "running speed traps and depriving citizens of their rights" if Nichols' wife was prosecuted for speeding.

The battle started here before Police Magistrate Virgil Burgess after Mrs. Nichols was arrested last week for speeding in a 45-mile zone near Savoy.

Her husband and attorney, C. E. Tate, appeared before Burgess Saturday and had the ticket quashed because of technical errors.

The ticket, Tate said, directed Mrs. Nichols to appear in Champaign city hall, but it failed to tell her where the city hall was.

Plane Crashes in African Forest; 30 Persons Dead

Bursts Into Flames
After Belly Landing
Following Takeoff

KANO, Nigeria (AP)—A British airliner crashed and burned in the African forest on takeoff from Kano Airport Sunday night, killing 30 of the 45 persons aboard.

Minister of Transport Harold Watkinson told the House of Commons in London that only 10 passengers and 5 crewmen survived the flaming crash into the trees. A spokesman for the British Overseas Airways Corp. confirmed a final total 30 dead.

The pancake landing onto the tree tops saved the survivors.

The four-engined airliner burst into flames when it crashed into some trees three miles from Kano runway outside this ancient walled city of Moslem sheikhs.

Airport officials said the London-bound plane apparently climbed into a storm cloud as it labored for altitude on takeoff. It lost height and rushed into the Nigerian forest.

The pilot, Capt. Herbert Tomlinson, 36, an RAF bomber pilot during the war, panicked the plane nose high into the treetops in a crash landing that cushioned the impact. He survived.

A BOAC spokesman said 11 passengers and five crewmen survived out of the 38 passengers and seven crew members aboard.

BOAC said the passengers included 12 women and nine children, three of them infants. Crash squads from Kano Airport raced to the scene of the burning plane within minutes of its impact and began pulling survivors from the fire. Several of the survivors suffered severe burns.

A four-man team from the Nigerian Department of Civil Aviation flew from Lagos to Kano today to investigate. A British investigation team also was flying here from London. Most of the passengers were British or Nigerian.

To Organize Saline County Tourist Committee Tuesday

A Saline County Tourist Industry committee will be organized at 7:30 p. m. Tuesday in the Harrisburg city hall by Rex D. Karnes, assistant director of Area Services at SIU.

This will be a part of the six-county Shawnee Hills Recreation area organized June 5 at the Carbondale university. Each of the counties is forming its separate committee. Other counties which are organizing are Massac, Gallatin, Hardin, Pope, and Johnson.

William H. Farley, vice president of the Shawnee Hills Recreation area, will preside at tomorrow night's meeting. He asked that each town of the county send representatives and urged especially an attendance from restaurant owners, service station and motel operators and others who would stand to gain from a tourist program.

Cottage Voters Approve Road Bonds

Cottage township voters, by a two to one majority, approved issuance of \$5,000 in bonds for road purposes at an election Saturday. There were 105 votes, with 70 voting for and 35 voting against the proposition.

State Police Promise Second Round In Battle Over Radar 'Speed Traps'

It also directed her to appear before Burgess, but failed to tell her where to find him.

This was good enough for Burgess. He quashed the ticket and said: "Inasmuch as the state is using technical mechanical devices (radar) to catch speeders... defendants likewise can raise legal questions of a technical nature."

State Police Lt. John Henry said his men would prepare a new and errorless—complaint against Mrs. Nichols.

Nichols, a prominent Republican, declared that if the state pushes the case, it "will try Bill Stratton and not my wife" because of the "speed traps."

Tate warned state police their new complaint had better be letter-perfect or they would be sued for false arrest.

And if they come to arrest Mrs. Nichols, Tate warned, they had better come in a closed paddy wagon. Illinois law, Tate said, forbids taking away an arrested person in an "open, visible car."

Burglarize Eldorado Store Of \$1,000 Cash, Clothing

EMPTIED OF ABOUT \$1,000 in cash was this blasted safe in the office of the NuWay Mercantile Co. at Eldorado over the week end. The photo shows the safe after experienced burglars had blown it open and escaped with money and clothing.

Blasted Safe Believed by Professionals

Materials at
Scene Sent to
State Laboratory

The NuWay Mercantile Co. at Eldorado was burglarized of approximately \$2,500 in money and goods over the week-end and Sheriff William T. Barrett today termed it "undoubtedly a professional job."

"From all appearances it was a professional job, thoroughly planned," the sheriff stated of the burglary in which the safe was blown open and robbed. The burglars had to have been in the store for at least an hour.

The robbers gained entrance Saturday night or early Sunday thru a series of maneuvers and left with cash, suits, pants, shoes, sport coats and other items through one of two rear doors.

The loss was discovered Sunday morning by Robert Wettaw, NuWay grocery manager, when he made a routine visit to the store.

Check for Fingerprints

Sheriff Barrett and Deputy Jeff Stricklin, State Police Sergeant Murray Stinson, Eldorado Police Chief James Johnston and Eldorado police made a thorough investigation, during which the store was checked for fingerprints. Material at the scene of the safe-blowing was sent to the laboratory of the State Bureau of Criminal Investigation and Identification for analysis.

Taken from the safe was approximately \$1,000. Other goods items and approximate values included:

Nineteen suits—\$1,000; 40 pairs of pants—\$320; five sport coats—\$90; 15 cartons of cigarettes—\$30; six pairs of shoes—\$60; 17 belts—\$34; two pieces of luggage—\$25; \$30 in a money bag on a shelf under the counter in the grocery department; and money taken from cash registers in the various departments of the store.

Blast Unreported

Barrett said that he could find nobody who heard the blast which ripped open the safe in the office. Here is how they got in:

The burglars went upstairs on the west side of the NuWay building and opened a window to get out onto a roof. There, they opened a window, probably using a screwdriver, and entered vacant second story rooms formerly occupied by the Eldorado Chamber of Commerce.

They left these rooms and forced the lock to enter the offices of the Minerva Oil Co., where they cut a hole in the floor above the NuWay store.

From there the burglars descended, presumably by rope, into the rear of the men's department.

During the looting of the store the burglars stopped long enough to eat two bananas and drink some soda water.

In the office, Barrett said, they attached some kind of explosive, thought to be cone-shaped, to the safe, and into this putty-like explosive they inserted a blasting cap. To this they attached a shooting wire and ran this to a wall plug to blast open the safe, he stated. Records were scattered throughout the room.

Had Information on Layout

"Nothing was seen or heard by anybody we can find while the burglary was in progress," Barrett stated. "A city policeman said he tried all of the doors of the store after midnight."

Barrett said that the burglars left by the way of one of two back doors, where screws were removed to lift out bars.

The burglars had to have accurate information on the layout of the store, Barrett pointed out.

This store was entered in a similar manner five years ago. Then clothing was taken.

Barrett said it was possible the same persons could have perpetrated this burglary as clothing and shoe sizes were about the same sizes as taken then.

Extinguish Grass Fire

The fire department extinguished a grass blaze at 334 West Longley street shortly after noon Sunday.

18 Accidental Deaths in Illinois

By United Press

A rash of fatal accidents gave a quick boost to the Chicago area traffic death toll during the week end.

A United Press survey showed there were at least 15 highway deaths and 3 drownings in Illinois from 6 p. m. Friday until midnight Sunday.

Of the traffic fatalities, 8 occurred in Cook County and 2 in adjoining Lake County.

Debra Pierce, a 4-year-old Mount Carmel girl, was killed by a truck on Ill. 1 as she was running across the highway.

An auto hit a culvert east of Rosiclare, killing Mary Wheatcroft, 16, Rosiclare.

Drowning victims included William Munro, 22, Chicago, who lost his life in Lake Miriam near Carpentersville, Kane County, and Joseph M. Farinella, 27, Berwyn, drowned in the Kankakee River near Wilmington.

Thaddeus Cashmerick, Chicago, drowned in the Fox River near Millbrook in Kendall County Sunday.

Cashmerick, who was fishing with friends, went to help two swimmers who appeared to be in trouble and apparently was seized by a cramp.

Unthank Sentenced to State Farm; Farmer Fined

Jimmy Unthank, on a second offense charge of driving while intoxicated, today was sentenced to six months on the state farm at Joliet.

Unthank, from Eldorado, was arrested in Harrisburg yesterday by city and state police.

Edward Farmer of Harrisburg, transferred to the county jail Saturday and charged with malicious destruction of property, was fined \$200 and costs.

Farmer did plumbing damage which costs \$23 to repair after he had been placed in the city jail on a drunkenness charge.

Eisenhower to Fly to Panama for Meeting in July; Nehru Talks Postponed

WASHINGTON (AP)—President Eisenhower plans to fly to Panama late in July for a meeting with presidents of American states. He has postponed his scheduled meeting with Indian Prime Minister Jawaharlal Nehru in early July.

Mr. Eisenhower plans to leave Walter Reed Hospital and go to his farm at Gettysburg, Pa., this weekend.

The Eisenhowers will celebrate their 40th wedding anniversary next Sunday at the farm.

Press Secretary James C. Hagerty said the President and Mrs. Eisenhower would stay at the farm longer than just the weekend, but did not know how long.

He said other places have been ruled out as locales for the President's convalescence from his intestinal operation of June 9.

Mr. Eisenhower had been scheduled to confer with Nehru in this vicinity beginning July 7.

The President said he hoped the delay in the meeting with Nehru "will not be for long." He asked Nehru suggest another date, adding "I assure you it is meant as an urgent invitation."

Boys Beat Playmate

CHICAGO (U) — Two boys, aged 7 and 8, sent their 7-year-old playmate to the hospital Friday night by beating him in reprisal for "raiding" their coal shed club-room, authorities said.

Police said the victim, Apollonio Castellano, was stripped, then beaten with a 20-inch cable and an ax handle, and stoned with bricks. Hospital officials listed him in poor condition.

Committees Cracking Down On Unregistered Lobbyists

WASHINGTON — (NEA) — None of the five principals involved in Los Angeles oilman Howard B. Keck's effort to give campaign funds to senators favoring the now-vetted Natural Gas Act amendments were registered as congressional lobbyists.

This is revealed by a check of lobbyists' registrations for the first quarter of 1956, when the gas bill was before the Senate.

Every individual or firm attempting to influence legislation is required by law to file with the Senate secretary or House clerk a quarterly report on his lobbying activities and expenses.

The names checked in this connection were those brought out in the disclosure by Sen. Francis Case (R-Id.) that a \$2,500 contribution had been offered his campaign manager in an apparent attempt to influence his vote. The principals were:

HOWARD B. KECK, president of Superior Oil Co., who gave thousands of dollars for political contributions.

Elmer Patman, one of Superior's lawyers, who received the money from Keck and arranged for its distribution.

John M. Neff, Lexington, Neb., lawyer, who was hired by Patman to look out for Superior's interests in the middle west. Assured that Senator Case favored the bill, Neff gave \$2,500 to E. J. Kahler of Sioux Falls, S. Dak., without the senator's knowledge. Later, Case returned the money, switched and voted against the bill. Neff also made two trips to see Sen. Styles Bridges (R-NH) to discuss the bill.

Donald Ross, U. S. attorney in Omaha, introduced Neff to Sen. Roman L. Hruska (R-Neb.). Assured that Hruska favored the bill, Neff gave the Nebraska GOP \$2,500.

Paul Gerdes, Neff's law partner, made two attempts to contribute to Sen. Bourke Hickenlooper (R-Ia.) and the Iowa GOP, but failed. Hickenlooper voted for the bill.

INVESTIGATING ALL THIS, a select Senate committee under Sen. Walter George (D-Ga.) reported that Neff "was engaged in lobbying," and that he and Patman operated with "galloping irresponsibility." Keck was charged with "extreme laxity." Ross was characterized as "irreproachable... operating in an environment created by Neff."

The evidence was turned over to the Department of Justice for study on April 7, but so far there has been no action.

Taking up where the George Committee left off, another special, eight-man, bi-partisan group under Sen. John L. McClellan (D-Ark.) has been operating as though it had all the time in the world to get going—which it has. It does not have to report until Jan. 31, 1957.

George Morris Fay, former U. S. attorney for the District of Columbia, was made special counsel of the McClellan Committee March 29. He has made a number of preliminary investigations but says he has no hearings scheduled now.

SO FAR, THE COMMITTEE has held one open hearing. On May 1 Morton Nixon of Corpus

Christi, Tex., chairman of the General Gas Committee, explained how his lobby operated within the Lobbying Act. This was largely a self-whitewashing performance. No blood was drawn.

On May 28 Fay sent an investigator to Los Angeles to question Mr. Keck in private. Fay declares that he doesn't know what he'll do with this testimony till he has studied the facts of the situation.

Section 310 of the Lobbying Act of 1946 provides that anyone attempting to influence legislation and not registering with the Congress shall be guilty of a misdemeanor, fined \$5,000 or given one year's imprisonment or both. Further, anyone convicted shall be barred from attempting to influence legislation for three years thereafter. Violation of this second restriction is punishable by \$10,000 fine, five years imprisonment or both.

Thinking It Over

By Robert L. Diefenbacher, D.D. Written for NEA Service

Thousands of babies are born every day. Every minute new little beings begin to breathe the atmosphere in which we all live and move and have our beings. These children are coming into a rapidly changing world. Are we changing the world for the better or are we making it worse?

We can easily say that millions of people are working toward the possibility of a ruined world. It is conceivable that the world itself could be blown to bits. It is possible that men may annihilate civilization. Yes, a multitude of things could happen as a result of the destructive actions of others. We worry a great deal about the other sinful man.

However, the people about whom we should worry most are you and me. We have a great responsibility for the kind of world which today's babies will have tomorrow. We owe these new little creatures a number of things which cannot be measured in monetary terms or in terms of mere materialism.

We owe to them as good a world as we have known. We owe to them a chance to live in freedom, and an opportunity for them to know love, friendship, faith, hope and ambition. We owe to them our belief in God and our heritage of religion. We owe to them a consecration of ourselves to the spiritual values of God's leadership, guidance and salvation.

If we are to pay our debt to tomorrow's world we had better live pretty close to God today.

50,049 on State Payroll in March, Hodge Reports

SPRINGFIELD (U) — The March 1956 state payroll totaled \$14,687,493 and 50,049 persons, State Auditor Orville E. Hodge reported today.

Total personnel decreased 68 from the previous month, but showed an increase of 3,633 persons over March, 1955. The total payroll increased by \$179,711 over February, 1956, and \$1,510,842 over March, 1955.

Hodge said the biggest increases for the month were in the Welfare Department, which has placed a 40-hour week in effect in state institutions, and the Conservation Department, which added workers in state parks and game and forestry work.

The biggest decrease was in the secretary of state's office, where auto license work was falling off, Hodge said.

Daniel Beard was the organizer of the Boy Scouts of America.

Miss Faye Hearn, James L. Prather Wed at Carrier Mills Methodist Church

Mr. and Mrs. James L. Prather

Miss Faye Hearn, daughter of the Rev. and Mrs. L. J. Hearn, became the bride of James L. Prather, son of Mr. and Mrs. Eugene Prather, June 17 in a double ring candlelight ceremony at the First Methodist church of Carrier Mills. The Rev. L. J. Hearn gave the bride away in marriage.

The bride chose for her wedding a floor length gown of nylon lace over taffeta, featuring a round neckline surrounded with seed pearls. The lace sleeves of her gown were finger tip length. Her veil, a crown design, was of finger tip length and was covered with seed pearls and sequins. She carried a white Bible with red rose buds.

Mrs. Felicia Hearn, sister-in-law of the bride, served as matron of honor. She wore a floor length gown of blue lace over taffeta. Her headpiece was of blue velvet giving a crown effect. She carried a bouquet of white rose buds.

Jack Pankey, friend of the bridegroom, served as best man.

Cynthia Prather, sister of the bridegroom and Susan Hearn, niece of the bride, dressed in blue dotted Swiss dresses were the ring bearers. Their headpieces were of blue flowers.

Mrs. Hearn chose to wear for her daughter's wedding a black shantung dress with white accessories and a corsage of white carnations.

Mrs. Prather was dressed in blue silk with blue and white accessories and a corsage of white carnations.

Miss Wanda Hollaway, a friend of the bride, sang "Because," "Serenade," and "The Lord's Prayer," accompanied by Charles Rann who also played appropriate wedding music before the ceremony.

Jim, Emmett, and Bud Hearn, brothers of the bride, and Tommy and Larry Prather, brothers of the bridegroom, served as ushers.

The couple graduated from the Carrier Mills Community high school in 1954. She is employed at Carps in Harrisburg and he is employed at the Pankey Gas Co. in Carrier Mills.

Following a reception, the couple left Sunday afternoon for a wedding trip to Pontiac, Mich. They are making their home in Carrier Mills.

Records Set on Family Income

WASHINGTON (AP)—American average income of \$5,520, a gain of \$180, or 3 per cent, over 1954, and \$1,760 more than in 1929.

In its June survey of current business, the department also reported that the number of families set several money making records last year—including the highest average income ever.

The Commerce Department said that before tax deductions, the nation's 52 million families had an income of more than \$5,000 rose from 21 million in 1954 to 23 million last year.

Families paid an average of \$540 federal income tax last year, the study estimated, \$30 more than in 1954, but \$40 less than 1953. Taxes were cut in 1954.

Removing the average income tax payment and \$25 for state and local income taxes would put median family income after taxes at \$4,955. The average federal income tax payment in 1929 was only about \$30.

Dr. Joyce Brothers Retains Title as Boxing Expert on TV

NEW YORK (AP)—Dr. Joyce Brothers retained her title as boxing expert on "The \$64,000 Challenge" Sunday night when she knocked out her challenger for a \$4,000 purse.

The 28-year-old psychologist of New York, who was the second contestant to win the top prize of "The \$64,000 Question," answered correctly a three-part question concerning championships won by American boxers at the 1952 Olympic games.

John Hol, also of New York, came out fighting but was kayoed by the same question.

Stabs Estranged Wife to Death

AURORA, Ill. (U.P.)—Earl Shults, 45, admitted today he stabbed his estranged wife to death in a bar "in a fit of jealous rage."
Mrs. Martha Shults, 45, was working as a waitress in the bar Sunday when her husband entered and argued with her. Police said he drew his wife towards him, stabbed her, and then held her upright for a minute. Tavern patrons didn't know what had happened until Shults let his wife drop to the floor.
Shults was held on a murder charge and an inquest was slated for today.
Police quoted him as saying he became enraged because his wife refused to return to him.

Robert Jones Attends National Institute At Northwestern U.

Robert Jones, who will be a senior at Harrisburg Township high school in September, left Saturday to attend the National High School Institute for Science and Engineering to be held for five weeks on the campus of Northwestern university, Evanston, Ill.
Jones was chosen to attend by HTHS faculty members because of proficiency and aptitude in scientific subjects.
He was taken to Evanston by his father, Atty. Glen O. Jones.

Admiral King Dies at Age 77

KITTERY, Maine (U.P.)—Fleet Adm. Ernest J. King who brought the Navy from defeat at Pearl Harbor to victory in World War II died today.

King, 77, was stricken with a heart seizure early Sunday. He died at 12:45 p. m. CST at Portsmouth Naval Hospital.
A hospital bulletin this morning said the former commander-in-chief of the U. S. Fleet had failed to respond to treatment and his condition had "deteriorated during the night."

King, born in Lorain, Ohio, the son of a railroad mechanic, spends his summers at the hospital to escape the heat. He lives at Bethesda Naval hospital in Maryland during the winter.

King was named commander in chief of the fleet two weeks after Japan's sneak attack on Pearl Harbor. Three months later he was given the job of chief of naval operations. He was the only man ever to hold the two posts simultaneously.

After World War II, the title of commander in chief of the fleet was abolished.

His orders upon taking command of the crippled U. S. Fleet were to "do the best you can with what you've got." From practically nothing, King built the U. S. Navy into the world's greatest sea force which helped drive the Japanese back across the Pacific and rid the Atlantic of Germany's submarines.

Illinois Guard to Begin Summer Training

SPRINGFIELD (U.P.)—First Illinois National Guard units will begin summer field training July 7.
State Adjutant Gen. Leo M. Boyle reported about 14,000 guardsmen will participate in the two-week training programs, located at military installations in five states.

Johnson Says AF Increase Will Impress Russia

WASHINGTON (U.P.)—Senate Democratic Leader Lyndon B. Johnson said today "the best way to make the Russians realistic about disarmament is to boost Air Force funds."
"The Communists know there is nothing phony about airpower," Johnson said. The comment referred to Defense Secretary Charles E. Wilson's use of the word "phony" in discussing proposed boosts in Air Force funds. The administration opposes any increases. The Democrats want to add \$1,180,000,000, the Republicans \$500,000,000.

Johnson made the statements to reporters shortly before the Senate began debate on a 35-billion-dollar defense appropriation bill. Main controversy is over Air Force funds. A showdown vote was expected in a day or two.

Johnson praised Gen. Nathan F. Twining, Air Force chief of staff, for telling the Russians in Moscow Sunday that the United States will not disarm without iron-clad disarmament controls. He said Twining appeared to be making it clear that "this country has no intention of backing down on its preparedness program."

"An Uphill Fight"
"Personally, I think the best way to strengthen our leaders is to approve the increase in funds and strengthen the Air Force."

Sen. Henry M. Jackson (D-Wash.) appeared pessimistic over chances for the larger increase but seemed to feel that at least the smaller increase is certain. He called the Democratic battle "an uphill fight."

Johnson said he felt Wilson's comment angered senators enough to help the Democratic amendment's chances but he wouldn't say it assured its adoption.

Senate Republican Leader William F. Knowland said he expected a "very close vote."

Army Secretary Wilber M. Brucker disclosed, meanwhile, that the Army also will ask for more defense money—but not this year.

Begin Selecting Jury for Murder Trial Of Effingham Woman

EFFINGHAM, Ill. (U.P.)—Selection of a jury to try a 33-year-old woman for the murder of her husband began here today.

Mrs. Naomi Larimer is charged with the shotgun killing of her husband, Noble, 33, last month in their Effingham home.

She admitted the slaying at a coroner's inquest but pleaded innocent when arraigned.

Fifty prospective jurors were ordered to be in Effingham County Circuit Court today. Another panel of 30 veniremen was summoned for Tuesday morning.

Mrs. Larimer is the mother of two small children—a boy and a girl. She is partially crippled from an attack of polio.

Girl, 9, is Bitten By Rabid Skunk

DES PLAINES, Ill. (U.P.)—An alert motorist Sunday thwarted the possible death of a 9-year-old girl who had been bitten by a rabid skunk.
A three-state alert had been issued for little Diana Craig of Crystal Bay, Minn., who had been bitten by the animal last Tuesday. An unidentified motorist spotted the family here and directed them to a doctor.

Girl Lifeguard Saves Boy from Drowning

SPRINGFIELD (U.P.)—An alert girl lifeguard today was credited with saving the life of 14-year-old Gene Davis, Greenview, pulled unconscious from a city swimming pool.
The lifeguard, Miss Martha Dal- sin, 16, saw the boy laying on the bottom of Memorial Pool Sunday. She pulled him from the water and administered artificial respiration until firemen arrived with an inhalator.
Davis was hospitalized after he was revived.

Opponents to U. S. Troops Win in Iceland

REYKJAVIK, Iceland (U.P.)—A coalition of "ouster America" parties today swept to election victories that indicated an absolute parliamentary majority dedicated to the ejection of American forces from Iceland.

The Progressive and Social Democrat parties which demand the closing of the huge U. S. Air Force base at Keflavik had gained 4 seats in the 52-seat Althing (Parliament). Prime Minister Olaf Thors' pro-American Independence party had gained 3 seats and was clearly defeated.

The Communist party, which had 7 seats in the old Althing, had neither gained nor lost a seat but its popularity vote was sharply higher than in the 1953 election.

Standings in Althing seats with returns in from 9 to 28 constituencies:

Independents, 8; Social Democrats, 4; Progressives, 2; Communists, 2; National Defense, 0.

One issue was whether the Progressive-Social Democratic coalition could win a large enough majority to do without Communist support.

A majority of 27 is needed for control. The Progressives and Social Democrats had 23 seats in the old Althing, but were not then in coalition. Thors' regime held power with 21 seats. It was necessary for the prime minister to gain 6 seats to continue in office and keep the American bases in Iceland as part of the NATO defense system. Some of the seats held by both sides in the old Althing still were being contested.

In Washington, officials withheld any immediate comment pending further clarification of the situation. They said they still are not clear on what kind of government will be formed.

Ed Sullivan Beats Off Challenge, Ratings Indicate

NEW YORK (U.P.)—Ed Sullivan, heating off the challenge of a new Steve Allen variety show, remained the slightly shaky champ on Sunday evening TV, the ratings showed today.

Sullivan, a stone-faced CBS-TV emcee who has managed to knock over a succession of NBC-TV offerings over the years, racked up a 24.6 rating according to a Trendex survey.

Allen, making his debut as an early evening performer, unveiled a new NBC-TV variety show that chalked up a 13.3 Trendex. The rating doubled that of the show Allen replaced, the "NBC Comedy Hour." It was the highest rating, barring spectaculars, for an NBC-TV show in that time slot since Nov. 27.

No Sign of Real Split in Northern, Southern Ranks at Demo Governors' Meeting

ATLANTIC CITY, N. J. (U.P.)—The usual tug-of-war between Northern and Southern Democrats kept a strain on the party today but there were no signs of real eagerness for a split in the ranks.
Pressure and counter-pressure was evident among Democratic governors on hand here for the 48th annual Conference of Governors. After weekend preliminaries, the "non-political" conference moved today into discussion of such mutual state problems as education and highways.

The conference actually gave Gov. Averell Harriman of New York a chance to court uncommitted Democratic governors in his challenge to Adlai E. Stevenson for the Democratic presidential nominations.

Invites Fellow Governors

He invited 24 of his fellow Democratic governors present to drop in to his hotel suite Tuesday evening.

But if Harriman had any tricks up his sleeve to pull a political coup this week, he was not yet ready to show them.

The Democrats admitted freely they expected to talk some politics this week. Republican governors stuck to the party line that President Eisenhower will run and win again, whatever the Democrats did.

In a series of news conferences, Harriman and Govs. G. Mennen Williams of Michigan and Robert B. Meyner of New Jersey predicted the Democrats will write a party platform that the south will accept.

None of the three "liberals" would admit the possibility of a Southern walkout from the national convention.

And none would make any rash forecasts about the chances of a Democrat to carry their own states against President Eisenhower next November.

Williams said the candidate is secondary to the platform and that he thinks Mr. Eisenhower can be beaten.

Harriman conceded that he is not the "candidate of the South" for the nomination, but he would not identify Stevenson, who has much Southern support, as that candidate.

Authorities Halt Woman's Taxi Rides

(Continued from Page One)

a car of men, approaching, tried to hail us down and she asked me who they were. I knew it was the law but told her I didn't know. I had been driving about 40 miles an hour all the way but at this point she asked me if the car wouldn't go faster and I stepped it up to 70 miles an hour.

"Approaching Benton I saw the car behind me, and I heard one or two warning shots. They caught up at the edge of Benton but the woman, who sat on the edge of the back seat all the way with her arms resting on the front and with the pistol in the back of my neck, told me to keep going.

"Finally, however, I slammed on my brakes and threw her off balance. Three officers jumped out of the car behind me about the same time and quickly opened the back seat of my cab and grabbed the pistol."

Soon officer Lane arrived on the scene and he brought the woman back to Harrisburg, but not before she was searched and Bridges got his money.

Domestic Difficulties

In Harrisburg, when the woman got out of the Herrin cab, Sandusky drove around the court house square and saw Officer Tom Gram in front of the Palace. He told what had happened to him and said he saw the woman get in a taxi here.

Gram, on foot, raced toward the Bridges cab station, but at Main the Herrin driver motioned that the cab had already gone out North Main. Gram hurried to the cab station, had Mrs. Bridges give a description to Lawrence Logsdon at the police station and a general police radio message was sent out. County authorities here also got in on the case.

City and county cars and one state police car started searching the gravel roads in the area and Lane kept going on Route 34.

Lane said that on the way back the woman said she had had domestic difficulties with her husband the night before, that he had beaten her, and that she decided to leave him. So she slipped the pistol away and started out. The

Franklin county officers kept the pistol. Williamson county officers got her Saturday afternoon.

Mrs. Vashti Rhine, 86, Former Resident Of Near Raleigh, Dies

Mrs. Vashti Rhine, 86, former resident of the Rhine community north of Raleigh and widow of the late Charles Rhine, died Sunday at 5 p. m. in East St. Louis.

She is survived by three stepsons, Raymond Rhine, Eldorado, Clifford Rhine, East St. Louis, and William Rhine, Denver, Colo., and three grandchildren.

The body will be brought to the Martin funeral home in Eldorado Tuesday where it will lie in state. Funeral services will be held Wednesday at 1 p. m. at the Rhine church and burial will be at the Rhine cemetery.

Braves Win Two from Giants To Extend Streak to 10; White Sox Beat Yanks Twice

By United Press
The red-hot Milwaukee Braves and Chicago White Sox were chief beneficiaries today of a phenomenal "streak week" which affected the fortunes of all 16 major league clubs.

Talk about streaks, get a load of some of these:

1—The Braves made it 10 victories in a row under new manager Fred Haney Sunday when they swept a doubleheader from the Giants, 6-2 and 7-1, to stretch their National league lead to two games. The Giants have now lost four straight.

2—Marty Marion's souped-up White Sox ran their winning streak to eight games and climbed to within four percentage points of the American League lead by beating the pace-setting Yankees twice, 14-2 and 6-3. The Yanks have a streak of their own going—four losses in a row.

Indians Also Advance
3—Cleveland clicked off its sixth victory in a row by licking the Senators, 7-2, thus moving within 4 1/2 games of first place.

4—Pittsburgh snapped their eight-game losing streak by beat-

ing the Cubs, 1-0, in a rain-shortened nightcap after losing the opener, 5-3.

And Baltimore extended Detroit's losing streak to eight games by sweeping a doubleheader from the Tigers by identical scores of 3-2.

In the other games Sunday the Cardinals ended a four-game losing streak by defeating the Phillies, 8-4, in the first game of a twin-bill but the Phils bounced back to win the finale, 3-2; Cincinnati took a pair from Brooklyn, 10-6 and 2-1, and Kansas City topped Boston, 5-2.

O'Connell, Mays Homer

Milwaukee took advantage of four unearned runs in the opener against the Giants and then capitalized on three more unearned runs in the nightcap. Pitcher Jim Hearn's error in the eighth inning of the opener helped the Braves put together their four-run cluster, which included a three-run homer by Danny O'Connell. Lew Burdette held the Giants to four hits, including a homer by Willie Mays. Gene Conley was the winner in the nightcap although he gave way to Dave Jolly in the seventh after rain caused a 22-minute delay in the game.

Larry Doby slammed a three-run homer in each game to help the White Sox to their victories over the Yankees. Doby's second homer of the day, off Mickey McDermott in the first inning, gave ex-Yankee Gerry Staley a fine start and he was ahead all the way. In the opener, Sherman Lollar drove in four runs with a homer and a double to pave the way for Billy Pierce's 11th triumph. Whitey Ford suffered his fourth loss as the White Sox hammered out 18 hits for 28 total bases.

Lemon Wins Ninth
Home runs by Earl Averill, Bobby Avila and Al Rosen carried Cleveland's Bob Lemon to his ninth victory in a game limited to 5 1/2 innings because of rain. A scheduled second game was postponed. Rosen's homer, off Hal Griggs, was the 1,000 hit of his big league career. Lefty Bob Wiesler was the loser.

The Pirates just got in under the wire with their nightcap victory over the Cubs, scoring a run in the fifth shortly before the game was called because of rain in the sixth. Newly-acquired Spook Jacobs singled home Eddie O'Brien with the only run of the game to give Laurin Pepper his first victory. The Cubs broke a 3-all tie in the eighth inning of the opener when Dee Fondy scored on an error and Walt Moryn homered. Frank Thomas homered for the Pirates. Reliever Vito Valentini was the winner and Roy Face the loser.

Orioles' Double Victory
Billy Loes and Ray Moore were the winning Baltimore pitchers although Don Ferrarese snuffed out Detroit threats in both contests. The Orioles broke a 1-1 tie in the seventh inning of the first game when Willie Miranda and Billy Gardner nicked Steve Gromek for homers. Earl Torgerson homered for the Tigers. Baltimore clinched the nightcap with all three of its runs in the first inning off Frank Lary. Three singles and a double by Tito Francona did the damage. Frank Baumholtz' pinch single with the bases full in the ninth inning of the nightcap made Philly reliever Jack Meyer a winner after Ken Boyer's 16th and 17th homers led the Cards to victory in the opener. Herm Wehmeier was credited with the victory while Curt Simmons suffered the loss.

Three home runs by Ed Bailey plus another one by Ted Kluszewski gave Cincinnati its opening game triumph over Brooklyn while Bob Thurman and Frank Robinson conned for the Redlegs in the nightcap. Joe Black and Joe Nuxhall were the winning pitchers.

Harry (Suicide) Simpson drove in three of Kansas City's runs with a homer and a triple as Alex Kellner posted his fifth victory. Ted Williams and Jackie Jensen homered for Boston.

SPEAR FOR SPEAR — Television's jungle wild woman has sharp answers for her critics. To growing complaints that her "Shenna, Queen of the Jungle" is the worst show on TV, Irish McCalla retorts that the chimpanzee that swings through the trees with her is "much more intelligent than people knocking the show. I've taught him not to say bad things."

Frankie Blackman

Carrier Mills high school has joined the long list of high schools in southern Illinois looking for a coach.

Frankie Blackman, assistant coach last year and slated for the top job during the coming 1956-57 school term, was inducted into military service last week, leaving the Carrier Mills coaching job wide open.

Blackman, a graduate of Carrier Mills Community high school, where he starred in both basketball and baseball, joined the faculty following his graduation from SIU. He taught science and assisted with the coaching this past term.

Just before the end of the 1955-56 school term Claude Shelton, head coach for three years at CM, announced his resignation to take over the basketball and baseball coaching chores at Metropolis.

It was understood Frankie would step up to the head spot, depending upon his military status. Even after he received his call, there was some doubt if he would be accepted due to a "basketball" knee and not full vision in one eye. However, there apparently is a place in the Army for a man with a college degree and he was inducted Thursday of last week and now is in training at Fort Leonard Wood, Mo.

At Carrier Mills high school the coach directs the boys' physical education program, coaches basketball and baseball and teaches drivers' training classes. Anyone interested in the position should contact Warren G. Jennings, principal at the high school.

The pennant drive of the St. Louis Cardinals that has had the club up near the top all season after a seventh place finish in 1955 has caused some comment that a team could never improve that much just from one season to another. And a jump from seventh to first (if the Cards were to capture this year's pennant in the National League) would be some jump.

But there is a precedent for such a move.

Way back in 1925 the New York Yankees finished seventh in the American League. And in 1926 the Yanks won the American League flag. After searching the records I failed to find where a club went from eighth to first, so the move from next to last one year to the top the next is the best jump the major leagues has seen during this century.

But a team did fall all the way from the top to the bottom. The American League records show that Philadelphia won the pennant in 1914 and finished last in 1915. In fact Philadelphia remained in the league cellar through the 1921 season.

The Cards have a record of having moved from fifth in 1933 to first in 1934.

Legion Divides Pair With Old Hickory Barons

Locals Win, 14-4,
After Dropping
4-3 Night Contest

The Harrisburg Legion finally found the win column again Sunday afternoon as they blasted the Old Hickory Barons from Nashville, Tenn., 14 to 4, after having dropped a weird decision to the same club Saturday night by a 4 to 3 score. The loss was only the second of the year for the Barons who have copped 22 of their starts this season. Both games were played at the VFW park near the fairgrounds.

Young Johnny Mills, of Ridge-way, making his first start of the year with the Legion Saturday night, was the victim of some uncertain fielding by his teammates in the second inning when they committed four errors to assist the Barons to two gift tallies without benefit of a safety. Mills did not allow a safe blow until the seventh when Dan Black, Barons' catcher, slashed a double down the left field line which, with a little freak fielding in left field, allowed him to go all the way, scoring Dink Dunn, who had walked, ahead of him with the tying run and bringing in the winning marker himself. Bob Roper came on in relief at this point and choked off the Barons the rest of the way.

The Legion meanwhile had picked up a pair of tallies in the second on Harold Gully's single and a long triple by Bob Dallas. Dallas scored on a short passed ball to tie the game at 2 all. Back to back doubles by Ray Sisky and Don Karnes in the third put the locals ahead until the seventh when the Barons scored the above mentioned runs to go ahead and win. The Barons picked up only three safeties off Mills and Roper but that was enough. Johnny Majors was the visitors' flinger and he was touched for six safe blows by the Legion. Dan Black was his battery mate. Charles Hughes and Dick Romonosky caught for the Legion.

In the Sunday afternoon contest the Legion made a quick rout of the game as they scored once in the second, six times in the third and seven times in the fourth to build up a 14 to 0 count. Don Wallace, locals' starter, meanwhile was keeping the Barons well in check and they did not score until the sixth with the aid of a triple and an error. They added three futile runs in the ninth to wind up the scoring for the day.

Dick Odle and Dick Romonosky paced the Legion's 14-hit offense with three safe blows each. Don Karnes and Harold Gully connected safely twice with Carl Griffiths, Ron Ziegler, Bob Dallas and Frank Logsdon picking up a hit apiece.

Smith, Sam Hodge, Jack Burnett, Woods and Johnny Majors all tolled on the hill for the losers with Dan Black catching. Wallace went all the way for the winners with Dick Romonosky doing the catching.

Sunday the Legion will tangle with the Cartersville Stars and July 4th will meet the strong Evansville All-Stars. Both games will be played at the VFW park here.

THE DOWNSTATE FISHERMAN'S GUIDE: Rains Slow Fishing; Prospects Up

By Pete Brown
(From reports by the Southern Illinois University Cooperative Fisheries Research Laboratory and the Illinois Conservation Department)

Heavy weekend rains put a damper on fishing at Crab Orchard and Little Grass lakes for a few days, but both bodies of water have cleared rapidly and bass prospects, particularly at Crab Orchard, are looking up.

Two days of creel census before the rains showed one large yellow bullhead and 17 largemouth — ranging from two 10-inches to three 23-inch lunkers—in a seven-hour period, and a total of 12 largemouth in an all-day check. The all-day census, marred by frequent showers, showed the fish running from 12 to 21 inches.

Crab Orchard is now in its clearest condition of the year with the water temperature high — 82 degrees at the Wolf Creek road. Prospects are for continued good bass fishing for the next two or three weeks. The deep spots are still the best bet for the largemouths, and bombers, helldivers, and the other deep-running lures are bringing home the bacon.

The lake has been anything but paradise for crappie fishermen, however, with only a few scattered catches reported.

Among the luckier anglers the past week were Bill Watson, Herin, who netted four big largemouths (all tipping the scales at from four-and-a-half to six pounds) and Ned Trovillion, Carbondale, who had a couple over four pounds.

Little Grass is also in its clearest condition of the year, but fishing has slowed up considerably after the runs earlier this month. Both bass and crappie are rated only good to fair. Bluegill have been hitting good.

The high temperatures have been making fishing better at night. Top catches were by M. D. Nash, Edwardsville, who boated four largemouths, including a four-and-a-half pounder, and Malcolm Lockhardt, Belleville, who had two three-pounders and two smaller bass.

The Carbondale City lake has come into its own as a bluegill haven, with strings of 15 to 25 quite common. Caretaker Ned Doetch reports the fishing has been the heaviest of the year. Bass also have been showing up in increasing numbers in the last few days. Best catch was by Harold Payne, Carbondale, who landed two nice ones, including a seven-and-a-half pound behemoth. Only a few crappie have been caught, but those were running large — up to two pounds. A few white perch — weighing from a half pound to two-and-a-half — were also caught.

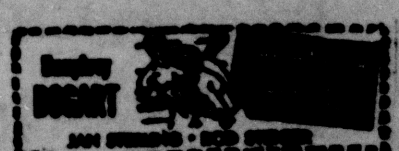

The bluegill run at Lake Murphysboro continues heavy. A creel census showed 263, mostly from five to seven inches, in one day. A worm fisherman had the best string, with 37 bluegill and two redear in about five hours. The redear run has slowed, with only 22 showing up in the census.

Fishing at Horseshoe lake has slowed almost to a standstill. A check of 37 fishermen there showed only 31 bluegill and 17 crappie, with most of those on two stringers.

The big ones still get away, no matter how much experience you have. Take U. G. (Capt.) Nichols of Elizabethtown for example. In spite of his almost 90 years, Capt. manages to get out to sea
